## **Railcare extends framework agreement with Network Rail**

Network Rail has overall responsibility for the construction and maintenance of large parts of the UK rail network. Network Rail has extended the current framework contract with Railcare, the extension is valid from 1<sup>st</sup> April 2019 to 31<sup>st</sup> March 2020.

All of Network Rail's departments and its eight geographical routes can use the framework agreement and generate continuous call-off orders. The framework agreement does not contain any restrictions or guarantees for either delivery volume or turnover.

"The first year of the budget period CP6 in the UK begins now and with continued collaboration, we look forward to being part of Network Rail's investments during this period. We are currently busy working on the planning, together with the customer for the upcoming years projects. I am once again pleased that Network Rail appreciates our products and services" says Daniel Öholm, CEO Railcare Group AB.
