8 May 2020

# Railcare has signed a new framework contract with Network Rail

Network Rail has overall responsibility for the construction and maintenance of large parts of the UK rail network. Network Rail has signed a new framework contract with Railcare, which is valid from 8<sup>th</sup> May 2020 to 8<sup>th</sup> May 2021.

All of Network Rail's departments and five geographical regions can use the framework contract and generate continuous call-off orders. The framework contract does not contain any restrictions or guarantees for either delivery volume or turnover.

“The second year of the budget period CP6 in the UK begins now and with continued collaboration, we look forward to being part of Network Rail's investments during this period. We are currently busy working on the planning, together with the customer for the upcoming years projects. I am once again pleased that Network Rail appreciates our products and services” says Daniel Öholm, CEO Railcare Group AB.
